Mineral Extraction Ordinance Permit

Further requirements according to the current Mineral Extraction Ordinance.

- 9.A written statement of the proposed method, regularity and working hours.**
- 10. Proposed plans and specifications for the rehabilitation and restoration of the site upon completion of the operation.**
- 11. An estimate of the elevation of the seasonal high water table within the excavation site.
(The Planning Board may require the additional submission of a hydro geologic study to determine the effects of the proposed activity on groundwater and quality within the general area.)**
- 12. What is the estimated longevity of this pit, based on the removal rate over the 12 months immediately past? -----
(For new pit, please give your best estimate.)-----**
- 13. What insurance do you carry for this operation against liability arising from the proposed extraction operations?**
- 14. Explain how your financial capacity is enough to allow you to restore the pit after it is no longer in operation.**
- 15. What type of performance guarantee are you submitting to the Town to cover the cost of potential repairs? -----**
- 16. What trucking routes do you plan to use? -----**
- 17. Design parameter of apron? (See Code Enforcement Officer and the Town Public Works Director for specifications.)**
- 18. Attach a detailed landscaping and vegetation plan defining how you will restore the pit to as nearly a natural state as is practical by grading, filling, draining and / or planting.**
- 19. A professional boundary survey of the property lines.**
- 20. At the request of the Planning Board, you may need to provide information that indicates any or all of the following: The hydrology, the physical characteristics of the site, the extent of your proposed operations and compliance with the Performance Standards of Section 4. Of the Mineral Extraction Ordinance.**

Attach a plan for monitoring separation of excavation limits from the average seasonally high water table.

CERTIFICATION

The undersigned applicant (and owner, if the applicant is not the owner) hereby certifies:

- **That the information provided in this application is accurate;**
- **That the estimates made herein are in good faith after a review of the records of the operations; and**
- **That the undersigned has read and will comply with the Performance Standards set out in Section 4 and 5 of the Brownfield Mineral Extraction Ordinance.**
